## **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of the Board of Commissioners Township of Long Beach County of Ocean Brant Beach, New Jersey 08008

## **Report on the Financial Statements**

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account groups of the Township of Long Beach, as of December 31, 2020 and 2019, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Township's regulatory financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these regulatory financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and State of New Jersey OMB Circular 15-08 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

## SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the regulatory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the regulatory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Township of Long Beach on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account groups of the Township of Long Beach as of December 31, 2020 and 2019, or the results of its operations and changes in fund balance for the years then ended or the statements of revenues or statements of expenditures for the year ended December 31, 2020.

## **Opinion on Regulatory Basis of Accounting**

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balance sheets of the various individual funds and account groups as of December 31, 2020 and 2019, the regulatory basis statements of operations and changes in fund balance for the years then ended and the regulatory basis statements of revenues and statements of expenditures for the year ended December 31, 2020 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

## SUPLEE, CLOONEY & COMPANY

## **Other Matters**

## Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Long Beach's regulatory financial statements. The supplementary information, schedules and data listed in the table of contents as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and schedule of expenditures of federal awards, as required by the Uniform Guidance and the schedule of expenditures of state financial assistance as required by New Jersey OMB 15-08 are presented for purposes of additional analysis and are not a required part of the regulatory financial statements.

The supplemental information, schedules and data listed above and also listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the regulatory financial statements. Such information has been subjected to the auditing procedures applied in the audit of the regulatory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the regulatory financial statements or to the regulatory financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information, schedules and data listed in the table of contents, the schedule of expenditures of federal awards, as required by the Uniform Guidance and the schedule of expenditures of state financial assistance as required by New Jersey OMB 15-08 are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 4, 2021 on our consideration of the Township of Long Beach's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Long Beach's internal control over financial reporting and compliance.

# NOTES TO FINANCIAL STATEMENTS

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2020 AND 2019

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Reporting Entity

The Township of Long Beach is an instrumentality of the State of New Jersey established to function as a municipality. The Township Board of Commissioners consists of elected officials and is responsible for the fiscal control of the Township.

Except as noted below, the financial statements of the Township of Long Beach include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township of Long Beach, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Township of Long Beach do not include the operations of any libraries, first aid organizations, volunteer fire companies, the consolidated school district or the regional school district, in as much as their activities are administered by separate boards.

### B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes the presentation of basic financial statements into three fund types, the governmental, proprietary and fiduciary funds as well as government-wide financial reporting that must be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Township of Long Beach conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services. Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Township of Long Beach are organized on the basis of funds and account groups which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of selfbalancing accounts established to record the financial position and results of operation of a specific governmental activity. As required by the Division of Local Government Services, the Township accounts for its financial transactions through the following individual funds and account groups:

### B. Description of Funds (Continued)

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

<u>Trust Funds</u> - receipts, custodianship and disbursements of funds in accordance with the purpose of which each reserve was created.

<u>General Capital Fund</u> - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Water - Sewer Operating and Capital Funds</u> - account for the operations and acquisition of capital facilities of the municipally - owned water sewer utility.

<u>Payroll Fund</u> - Receipt and disbursement of funds for payroll costs and payroll taxes.

<u>General Fixed Assets Account Group</u> - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

<u>Revenues</u> - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and state grants are realized as revenue when anticipated in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

<u>Expenditures</u> - are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System.

### C. Basis of Accounting (Continued)

### Expenditures (Continued)

Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

<u>Encumbrances</u> - contractual orders at December 31 are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

<u>Foreclosed Property</u> - foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

<u>Sale of Municipal Assets</u> - the proceeds from the sale of municipal assets can be held in a reserve until anticipated as revenue in a future budget. GAAP requires such proceeds to be recorded as revenue in the year of sale.

<u>Interfunds</u> - interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

<u>General Fixed Assets</u> - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Township as part of its basic financial statements. General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$5,000.00 or more per unit.

C. Basis of Accounting (Continued)

### General Fixed Assets (Continued)

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

No depreciation has been provided on general fixed assets or reported in the financial statements.

The Township has developed a fixed assets accounting and reporting system based upon an inspection and historical cost analysis except for land and buildings acquired prior to December 31, 1985 which are stated at current replacement values as permitted by N.J.A.C. 5:30-5.6. Except for land and buildings, fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Assets Account Group rather than in a governmental fund.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capitals have not been accounted for separately.

<u>Inventories of Supplies</u> - the cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

#### Fixed Capital - Water - Sewer Utility

Accounting for utility fund "fixed capital" remains unchanged under the requirements of N.J.A.C. 5:30-5.6.

Property and equipment purchased by the Water - Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization account in the utility capital fund represents charges to operations for the cost of acquisitions of property, equipment and improvements. The utility does not record depreciation on fixed assets.

### C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Pensions - The Governmental Accounting Standards Board (GASB) approved Statement No. 68, Accounting and Financial Reporting for Pensions Administered by State and Local Government Employers. This Statement improves accounting and financial reporting by state and local governments for It also improves information provided by state and local pensions. government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This Statement replaces the requirement of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement. This statement is effective for periods beginning after June 15, 2014.

GASB approved Statement 71, Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment to GASB No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or nonemployer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or non-employer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or non-employer contributing entity that arise from other types of events.

### C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Pensions (Continued) - At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or non-employer contributing entity's beginning net position and expense in the initial period of implementation.

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

Under GAAP, municipalities are required to recognize the pension liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C.5:30 6.1(c)(2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

### C. Basis of Accounting (Continued)

### Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)

The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions.

It also requires the State of New Jersey to calculate and allocate to each participating member, for note disclosure purposes only, the OPEB net liability of New Jersey Health Benefits Local Government Retiree Plan (the Plan). The statement does not alter the amount of funds that must be budgeted for OPEB payment under existing state law.

Under GAAP, municipalities are required to recognize the OPEB liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 75. The liability required to be displayed by GASB 75 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the OPEB liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 75 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 75.

The New Jersey Division of Local Government Services issued Local Finance Notice 2021-10 which allows local units to disclose the most recently available information as it relates to the New Jersey Division of Pension and Benefits reporting on GASB 75. As of the date of this report, information on the other postemployment benefit plan with a special funding situation for the period ended June 30, 2020 was not available, therefore the information dated June 30, 2019 is disclosed.

### D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be held in accordance with GAAP. The Township presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

### NOTE 2: CASH AND CASH EQUIVALENTS

The Township considers petty cash, change funds, cash in banks, deposits in the New Jersey Cash Management Fund and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Township of Long Beach had the following cash and cash equivalents at December 31, 2020:

|                            |             |                 |                |                    | CASH            |

<u>Custodial Credit Risk - Deposits</u> - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Township does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2020, based upon the coverage provided by FDIC and NJ GUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on deposit in the bank, \$250,000.00 was covered by Federal Depository Insurance and the remaining \$32,030,388.83 was covered by NJ GUDPA.

### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

### B. Investments

The purchase of investments by the Township is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
- Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by Local Units;
- 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C. 52:18A-90.4); or

### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

- B. Investments (Continued)
  - 8. Agreements for the repurchase of fully collateralized securities if:
    - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
    - b. the custody of collateral is transferred to a third party;
    - c. the maturity of the agreement is not more than 30 days;
    - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41); and
    - e. a master repurchase agreement providing for the custody and security of collateral is executed.

Other than cash equivalents that would otherwise qualify as investments, except for their maturity or the withdrawal provisions of their deposit, the Township of Long Beach had no investments in qualified securities at December 31, 2020.

### NOTE 3: MUNICIPAL DEBT

The Local Bond Law, Title 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond Anticipation Notes, which are issued to temporarily finance capital projects, shall mature and be paid off within ten years or financed by the issuance of bonds.

### SUMMARY OF STATUTORY DEBT CONDITION ANNUAL DEBT STATEMENT

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of 0.251%.

### NJEIT INTERIM CONSTRUCTION NOTE

#### Water - Sewer Utility Capital Fund:

On or about October 15, 2020, the Township signed a loan agreement with the New Jersey Environmental Infrastructure Trust, (NJEIT) in order to provide funding for Ordinance # 2017-26. The NJEIT assigned the project the following project number: S340023-07. Funding in the amount of \$4,023,807 was approved by the NJEIT. As of the date of the audit, the loan was in the interim construction phase of the loan process. Of the amount approved, \$2,097,546 was drawn down in 2020.

#### BONDS AND NOTES AUTHORIZED BUT NOT ISSUED:

At December 31, 2020, the Township had bonds and notes authorized but not issued as follows:

| General Capital Fund               | \$14,835,125.17 |
|------------------------------------|-----------------|
| Water – Sewer Utility Capital Fund | \$17,428,437.97 |

### NOTE 4: COMPENSATED ABSENCES

Under the terms of various contracts, Township employees are allowed to accumulate unused vacation and sick pay over the life or their working careers which may be taken as time off or paid at a later date. It is estimated that the current cost of such unpaid compensation would approximate \$2,138,632.71. Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community affairs, State of New Jersey, the accumulated cost of such unpaid compensation is not required to be reported in the financial statements as presented and any amounts required to be paid are raised in that year's budget and no liability is accrued on December 31, 2020. The Township has accumulated \$424,435.59 for this purpose in the Trust Other Fund and has budgeted \$150,000.00 in 2021 and continues to budget funds to provide for these liabilities as they arise.

### NOTE 5: FUND BALANCES APPROPRIATED

Fund balances at December 31, 2020 which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2021, as adopted were as follows:

| Current Fund               | \$3,585,621.00 |
|----------------------------|----------------|
| Water - Sewer Utility Fund | \$1,733,760.00 |

### NOTE 6: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The Township bills and collects its own property taxes and also the taxes for the County, the Local School District and the Regional School District. The collections and remittances of county and school taxes are accounted for in the Current Fund. Township property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Township's Current Fund.

### NOTE 7: TAXES AND WATER - SEWER CHARGES COLLECTED IN ADVANCE

Taxes and water - sewer charges collected in advance and recorded as cash liabilities in the financial statements are as follows:

|                            | BALANCE         | BALANCE         |
|----------------------------|-----------------|-----------------|

|                            |                 |                 |
| Prepaid Taxes              | \$1,828,635     | \$1,621,391     |
| Tax Overpayments           | 64,320          | 37,882          |
| Water - Sewer Overpayments | 19,917          | 15,477          |

### NOTE 8: CONTINGENT LIABILITIES

The Township participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. These programs are subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2020, the Township does not believe that any material liabilities will result from such audits.

#### NOTE 9: LITIGATION

The Township is a member of the Ocean County Municipal Joint Insurance Fund, and any and all claims for damages under the New Jersey Tort Claims Act are covered by the self-insurance pool provided by the Fund. There is no anticipated or pending tort claim litigation which will result in any direct and uninsured liability of the Township. Rather, all matters of tort claim have adequate insurance protection.

It is the opinion of the Township officials that there is no litigation threatened or pending that would materially affect the financial position of the Township or adversely affect the Township's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

### NOTE 10: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township is a member of the Ocean County Municipal Joint Insurance Fund, and the Municipal Excess Liability Fund, public entity risk pools currently operating as a common risk management and insurance program for municipalities within the State. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Settled claims have not exceeded insurance coverage in any of the past three fiscal years.

### NOTE 11: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at December 31, 2020:

| <u>FUND</u>                                  |    | INTERFUND<br>RECEIVABLE | INTERFUND<br>PAYABLE |

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were received.

### NOTE 12: PENSION PLANS

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Firemen's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, New Jersey, 08625 are Trenton, or available online at www.nj.gov/treasury/pensions/annrprts.shtml.

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

<u>Police and Firemen's Retirement System (PFRS)</u> - The Police and Firemen's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

<u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

### Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:3B. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

### NOTE 12: PENSION PLANS

### Vesting and Benefit Provisions (Continued)

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:3B. All benefits vest after ten years of service, except for disability benefits, which vest after four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service.

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately vested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP, employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully vested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

### Funding Policy

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group life insurance benefits is based on actual claims paid. For fiscal year 2020, the State's pension contribution was less than the actuarial determined amount. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. During 2020, PERS provides for employee contributions of 7.50% of employees' base salary.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. For the fiscal year 2020, the State contributed an amount less than the actuarially determined amount. During 2020, PFRS provides for employee contributions of 10.00% of employees' base salary.

The Township's share of pension, which is based upon the annual billings received from the state, amounted to \$1,875,617.00 for 2020, \$1,887,099.00 for 2019 and \$1,716,581.00 for 2018.

Certain Township employees are also covered by the Federal Insurance Contribution Act.

### Accounting and Financial Reporting for Pensions - GASB 68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 "Accounting and Financial Reporting for Public Employees Pensions" which requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) of the participating municipality as of December 31, 2020. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2020.

### Public Employees Retirement System (PERS)

At June 30, 2020, the State reported a net pension liability of \$12,461,787.00 for the Township 's proportionate share of the total net pension liability. The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2020, the Township's proportion was 0.0764180569 percent, which was an increase of 0.0049442094 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2020, the State recognized an actuarially determined pension expense of \$823,030.00 for the Township 's proportionate share of the total pension expense. The pension expense recognized in the Township's financial statements based on the April 1, 2020 billing was \$695,230.00.

#### Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which rolled forward to June 30, 2020. These actuarial valuations used the following assumptions:

|  | <u>June 30, 2020</u>                                     |
|--|--|
| Inflation<br>Price<br>Wage                     | 2.75%<br>3.25%   |
| Salary Increases<br>Through 2026<br>Thereafter | 2.00-6.00%<br>3.00-7.00%<br>Based on<br>Years of Service |
| Investment Rate of Return                      | 7.00%  |

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at both June 30, 2020 and June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

|                                  |            | Long-Term      |

### Discount Rate

The discount rate used to measure the total pension liability was 7.00% and 6.28% as of June 30, 2020 and June 30, 2019, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

#### Police and Firemen's Retirement System (PFRS)

At June 30, 2020, the State reported a net pension liability of \$15,646,978.00 for the Township 's proportionate share of the total PFRS net pension liability. The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

### Actuarial Assumptions

The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which rolled forward to June 30, 2020. This actuarial valuation used the following assumptions:

|  | <u>June 30, 2020</u>                        |
|--|---|
| Inflation:<br>Price<br>Wage                  | 2.75%<br>3.25%                              |
| Salary Increases<br>Through All Future Years | 3.25-15.25%<br>Based on Years of<br>Service |
| Investment Rate of Return                    | 7.00%                                       |

Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00 percent at June 30, 2020 and June 30, 2019) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2020 are summarized in the following table:

### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% and 6.85% as of June 30, 2020 and June 30, 2019, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

### Sensitivity of the Township's proportionate share of the net pension liability to changes in the discount rate

The following presents the Township's proportionate share of the net pension liability of the participating employers as of June 30, 2020 respectively, calculated using the discount rate as disclosed above as well as what the Township's proportionate share of the net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

### Special Funding Situation

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.c. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.c. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed by the State on behalf of the Township under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the Township does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Township related to this legislation.

At June 30, 2020 and 2019, the State's proportionate share of the net pension liability attributable to the Township for the PFRS special funding situation is \$2,428,340.00 and \$2,258,119.00, respectively.

At June 30, 2020, the Township's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

| Township's Proportionate Share of Net Pension Liability  | \$15,646,978.00 |
|--|-----------------|
| State of New Jersey Proportionate Share of<br>Net Pension Liability Associated with the Township | 2,428,340.00    |

### Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System (PFRS). The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions. OPEB obligations are nonpension benefits that the municipality has contractually or otherwise agreed to provide employees once they have retired and, in most instances, will be for retirement health, prescription and dental insurance coverage.

Under current New Jersey budget and financial reporting requirements, the municipality is not required to fund any amounts in excess of their current costs on a pay-as-you-go basis or to accrue funds, create a trust or issue debt to finance their other post-employment benefit liability. Additionally, the municipality is not required to recognize any long-term obligations resulting from OPEB on their financial statements.

### Plan Description and Benefits Provided

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*; therefore, assets are accumulated to pay associated benefits.

The Plan provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees.

### Plan Description and Benefits Provided (Continued)

Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations' agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330.

The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

### **Contributions**

The Township's annual contributions to the Plan for retirees were \$929,713.01 for 2020, \$862,401.39 for 2019 and \$1,452,410.83 for 2018 which equaled the required contributions for that year.

### Total Net OPEB Liability

At June 30, 2019, the Plan reported a liability of \$24,952,676.00 for the Township's proportionate share of the collective net OPEB liability. The total Net OPEB Liability measured as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30, 2019.

The Township's proportion of the Net OPEB Liability was based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2018 through June 30, 2019.

At June 30, 2019, the Township's proportion was 0.184206 percent, which was a decrease of 0.006982 percent from its proportion measured as of June 30, 2018. For the year ended June 30, 2019, the State reported OPEB benefit of \$724,317.00. This OPEB benefit was based on the OPEB plans June 30, 2019 measurement date.

At June 30, 2019, the State reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Other local amounts reported by the State as the Township's proportionate share of deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the State's actuarially calculated pension (benefit)/expense as follows:

| Year Ended       |                |

### Actuarial Assumptions and Other Inputs

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

| Inflation Rate   | <u>2019</u><br>2.50%             | <u>2018</u><br>2.50%             |

Mortality:

- PERS Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2019
- PFRS Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2019

\*Salary increases are based on the defined benefit plan that the member is enrolled in and his or her age.

Actuarial assumptions used in the July 1, 2018 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

### Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

### **Discount Rate**

The discount rate for June 30, 2019 and 2018 was 3.50% and 3.87%, respectively. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

### <u>Sensitivity of the Township's Proportionate Share of the Net OPEB Liability to</u> <u>Changes in the Discount Rate</u>

The following presents the Net OPEB Liability associated with the Township as of June 30, 2019, calculated using the discount rate as disclosed above as well as what the Net OPEB Liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

### NOTE 15: LENGTH OF SERVICE AWARD PROGRAM

On November 7, 2006 the voters of the Township of Long Beach approved by public referendum the creation of a Length of Service Award Program ("LOSAP"). The Township Commissioners had deemed it appropriate, necessary, and in the best interest of the public health, safety, and welfare to act to ensure retention of existing firefighters and emergency medical technicians and to provide incentives for recruiting those volunteer members.

The Township of Long Beach is a non-contiguous; approximately twelve mile long municipality serviced by five volunteer fire companies and three volunteer first aid squads located in adjacent municipalities and is wholly without any volunteer emergency services within its own borders. The provisions of N.J.S.A. 40A:14-183, et seq., and N.J.A.C. 5:30-14.2, et seq., in some respects literally restrict and impact the Township's ability to implement a LOSAP due to its unique circumstance of being serviced by multiple volunteer fire companies and first aid squads located in adjacent municipalities.

### NOTE 15: LENGTH OF SERVICE AWARD PROGRAM (CONTINUED)

In advance of the referendum the State of New Jersey, Department of Community Affairs, Division of Local Government Services, had advised the Township that the State of New Jersey would waive certain literal requirements in order that the Township may proceed to implement a single Township-wide LOSAP that adopts the separate point systems and LOSAP's implemented in the adjacent municipalities for volunteer fire and first aid services. As a result, the Township was authorized to negotiate shared services agreements with the Boroughs of Barnegat Light, Beach Haven, Harvey Cedars, Ship Bottom, and Surf City in accordance with and pursuant to the law in order to adopt the point systems of those municipalities and establish the legally required administrative responsibilities for a single Township-wide LOSAP for the Township and the members of the Barnegat Light, Beach Haven, High Point (Harvey Cedars), and Ship Bottom volunteer fire companies in addition to the Surf City Fire and EMS. Barnegat Light First Ad Squad, and Beach Haven Volunteer First Aid Squad. Shared services agreements have been executed with all five of the municipalities. The Township shall retain all legal rights, dominion, control, and powers over all decisions of whether to increase the Township's contributions and funding to the single Township-wide LOSAP pursuant to N.J.S.A. 40A: 14-185 and all other applicable statutory and administrative code provisions and same shall be reflected and included in all shared services agreements entered into between the Township of Long Beach and the Boroughs of Barnegat Light, Harvey Cedars, Ship Bottom, Beach Haven, and Surf City.

Unlike the LOSAP's in the adjacent municipalities, all amounts awarded under a length of service award program shall not remain the asset of the Township. Such money shall not be subject to the claims of the Township's general creditors.

As of the audit date, amounts due which were paid in 2020, were as follows:

| Barnegat Light      | \$21,234.00        |
|---------------------|--------------------|
| Beach Haven         | 33,070.00          |
| Harvey Cedars       | 10,070.00          |
| Ship Bottom         | 5,630.00           |
| Surf City           | <u>11,340.00</u>   |
| Total Contributions | <u>\$81,344.00</u> |

The above information is presented as reflected in the Township's records as of the date of audit.

### NOTE 16: SUBSEQUENT EVENTS

The Township has evaluated subsequent events occurring after the financial statement date through August 4, 2021 which is the date the financial statements were available to be issued. Based upon this evaluation, the Township has determined that the following subsequent events should be disclosed:

The Township adopted capital ordinances through July 30, 2021 as follows:

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH <u>GOVERNMENT AUDITING STANDARDS</u>

The Honorable Mayor and Members of the Board of Commissioners Township of Long Beach County of Ocean Brant Beach, New Jersey 08008

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account groups of the Township of Long Beach, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Township's regulatory financial statements, and have issued our report thereon dated August 4, 2021. Our report disclosed that, as described in Note 1 to the financial statements, the Township of Long Beach prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

### Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the Township's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township of Long Beach's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. However, we noted another matter in the internal controls which is disclosed in Part III General Comments and Recommendations section of the audit report

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Long Beach's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Long Beach's internal compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO MAJOR FEDERAL AND STATE FINANCIAL ASSISTANCE PROGRAMS AND INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

The Honorable Mayor and Members of the Board of Commissioners Township of Long Beach County of Ocean Brant Beach, New Jersey 08008

### Report on Compliance for Each Major Federal and State Program

We have audited the Township of Long Beach's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the New Jersey *OMB State Grant Compliance Supplement* that could have a direct and material effect on each of the Township of Long Beach's major federal and state programs for the year ended December 31, 2020. The Township 's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Township of Long Beach's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB Circular 15-08. Those standards, the Uniform Guidance and New Jersey OMB Circular 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Township of Long Beach's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Township of Long Beach's compliance.

### **Opinion on Each Major Federal and State Program**

In our opinion, the Township of Long Beach complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2020.

### **Report on Internal Control Over Compliance**

Management of the Township of Long Beach is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township of Long Beach's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Long Beach's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of New Jersey OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

#### NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

#### YEAR ENDED DECEMBER 31, 2020

#### NOTE 1. GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance present the activity of all federal and state financial awards of the Township of Long Beach, County of Ocean, New Jersey. All federal and state financial awards received directly from federal or state agencies, as well as federal financial awards passed through other government agencies are included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

#### NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented on the prescribed basis of accounting, modified accrual basis with certain exceptions, prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the budget laws of New Jersey, which is a comprehensive basis of accounting, other then U.S. generally accepted accounting principles. The basis of accounting, with exception, is described in Note 1 to the Township's financial statements - regulatory basis. The Township has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### NOTE 3. RELATIONSHIP TO STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### NOTE 4. RELATIONSHIP TO FINANCIAL STATEMENTS - REGULATORY BASIS

Amounts reported in the accompanying schedules agree with amounts reported in the Township's regulatory basis financial statements. These amounts are reported in either the Current Fund, Grant Fund, General Capital Fund or Water - Sewer Utility Capital Fund. Reconciliations of revenues and expenses are presented on the following page.

## COMMENTS AND RECOMMENDATIONS

#### **GENERAL COMMENTS**

#### CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED PER N.J.S.A. 40A:11-4

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate, the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 Ch. 198 (40A:11-3), except by contract or agreement.

Effective January 1, 2011, the bid threshold in accordance with N.J.S.A. 40A:11-3 is \$17,500.00 or up to \$44,000.00 if the entity has a Qualified Purchasing Agent. The Township has a Qualified Purchasing Agent and has set its bid threshold at \$40,000.00 through June 30, 2020 and at \$44,000.00 effective July 1, 2020.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the \$40,000.00 or \$44,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute the Township Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Lifeguard, Beach Badge Checker and Other Uniforms Revaluation of Real Property Skid-steer Loader Bulkhead Materials Portable Restrooms Police Uniforms Valve Exercising Truck 3<sup>rd</sup> Party Inspection Services Emergency Water/Sewer Repairs Electrical Repairs Rental and Delivery of Bulldozers With/Without Operators Cameras, Wireless Radio, Servers and Network

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violation existed.

Our examination of expenditures did not reveal any individual payments or contracts or agreements in excess of \$44,000.00 for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-4

#### CHANGE ORDERS PURSUANT TO N.J.A.C. 5:30-11.9 ET SEQ.

The following is a complete list of all change orders which caused the originally awarded contract price to be exceeded by more than 20 percent. For regulatory details, please consult N.J.A.C. 5:30-11.1 et. seq.:

None.

# CONTRACTS OR AGREEMENTS NOT REQUIRED TO BE ADVERTISED PER N.J.S.A. 40A:11-6.1

N.J.S.A. 40A:11-6.1 states "For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of the amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c.198 (C.40A:11-5), except for paragraph (a) of that subs3ction concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The contracting agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor."

We conducted a compliance review of the procedures and policies for securing quotations for purchases referred to above which indicated that the procedures were implemented to ensure statutory compliance and that quotes had been solicited as required by the statute.

#### COLLECTION OF INTEREST ON DELINQUENT TAXES AND WATER-SEWER RENTS

The Statutes provide the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes, assessments or water-sewer rents on or before the date when they would become delinquent.

The governing body on January 6, 2020 adopted the following resolution authorizing interest to be charged on delinquent taxes, assessments and water-sewer rents:

"BE IT RESOLVED that the governing body of the Township of Long Beach set the rate of interest to be charged on delinquent water and sewer accounts and delinquent taxes at 8% per annum on the first \$ 1,500 of the delinquency and 18% per annum on any amount in excess of \$ 1,500 and 6% to be collected against a delinquency in excess of \$10,000 on properties that fail to pay the delinquency prior to the end of the calendar year. A 10 day grace period shall be permitted as provided by N.J.S.A. 54:4-67."

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

#### DELINQUENT TAXES AND TAX TITLE LIENS

The following is a comparison of the number of tax title liens receivable on December 31<sup>st</sup> of the last three years:

| YEAR | NUMBER OF LIENS |
|------|-----------------|
| 2020 | 123             |
| 2019 | 125             |
| 2018 | 124             |

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

#### VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of the mailing of verification notices as follows:

| TYPE  | NUMBER MAILED |
|---|---------------|
| Payment of 2020 Taxes                       | 50            |
| Payment of 2020 Water - Sewer Utility Rents | 25            |
| Delinguent Taxes                            | 50            |
| Delinquent Water - Sewer Utility Rents      | 25            |

The results of the test are not yet known, but a separate report will be issued if any irregularities are developed. For those verification notices which were not returned by taxpayers, we examined subsequent cash collections as an alternative procedure where possible.

#### MISCELLANEOUS

All sums of outstanding checks, reflected in cash reconciliations herein, are in agreement with the records of the Chief Financial Officer, as well as with independent lists made part of this audit.

A report summarizing collections of Dog License Fees and remittance of State Registration Fees has been prepared and filed with the New Jersey Department of Health and the Division of Local Government Services.

A statutory report on the operations of the Municipal Court has been prepared and copies filed with the New Jersey Administrative Office of the Courts, the Division of Local Government Services, the Municipal Court and the Township Clerk.

Individual payments of the Local, Regional and/or Consolidated School District Taxes by the municipality were confirmed as received by the Secretaries of the Boards of Education for year 2020.

In our verification of expenditures, no attempt was made to establish proof of rendition, character or extent of services nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

The propriety of deductions from individual employee salaries for pensions, withholding tax, social security and other purposes was not verified as part of this examination. Remittances to authorized agencies, however, were ascertained.

A summary or synopsis of this report was prepared for publication and filed with the Township Clerk.

#### FOLLOW-UP OF PRIOR YEAR FINDINGS

In accordance with Government Auditing Standards, our procedures included a review of all prior year findings.

There were no prior year findings.

#### OTHER COMMENTS

**20-01** <u>Finding</u> - There are stale dated reconciling items on the bank reconciliations of the Municipal Court Fines and Bail Accounts.

<u>**Criteria**</u> - True reconciling items are items that clear in the month or months following the month that the reconciling item originally occurred. The items in question are not clearing.

## **RECOMMENDATION**

That the books of account be adjusted to correct for all old reconciling items in the Municipal Court Fines and Bail Accounts which have not cleared and the reconciling items be removed from the bank reconciliations.
