APPLICATION SUPPLEMENT

Craig Eaton and Susan Eaton (collectively, the “Applicant”) have made application to the Long Beach Township Land Use Board for bulk variances relative to the property designated as Lot 11 in Block 20.176 on the Tax Map of the Township of Long Beach, located at 333 Cranberry Drive in the Loveladies Section of Long Beach Township. The Applicant purchased the property in January 2021 at which time all existing accessory structures on the property were already present; the Applicant has not added any additional accessory structures. Applicant is requesting variance relief to allow the existing sheds to remain in their current location. It is the Applicant’s understanding that the sheds were installed at the property shortly after the existing home was constructed in 2001 and have remained for approximately twenty years. The three storage sheds provide adequate storage for outside furniture, furnishings, cushions, tables, umbrellas, boating equipment, fishing equipment, tools, sports equipment, and other items of personal property at the site. These storage units permit the site to be maintained in an orderly manner and do not have any negative impact on the surrounding properties. The following variances are requested:

1. Under Section 205-51(B)(5) of the Zoning Ordinance, no accessory building shall be closer than eight feet to any side or rear lot line, and no accessory structure, except for pool filters, air-conditioning units or outside shower facilities, shall be less than five feet from an adjacent structure on the same lot. Here the three storage sheds have the following side yard setbacks, which the Applicant would like to maintain:
 - a. Shed 1: 0.55 feet
 - b. Shed 2: 0.55 feet
 - c. Shed 3: 0.66 feet

2. Under Section 205-51(B)(6) of the Zoning Ordinance, all buildings, including accessory buildings, shall not cover more than 25% of the lot. Here, the existing and proposed lot coverage is 29.6%.
3. Under Section 205-11(C)(1) of the Zoning Ordinance, when any lot is situated immediately adjacent to bay or lagoon waters, whether bulkheaded or not, no principal or accessory structure shall be closer than 10 feet from the waterline. To the extent variances are required for the pergola or accessory kitchen, which were existing at the time that the Applicant purchased the property, the Applicant requests such variances.

The subject property is irregularly shaped with an existing single-family dwelling, leaving insufficient space for conforming accessory structures. The storage sheds and other accessory structures do not interfere with the light, air, and open space of any of the adjoining properties. Adjoining Lot 12, which is owned by Jeonsa Group LLC, is the only property that is impacted by the storage sheds. Enclosed with this Application is an Affidavit from Nadine Singer, a member of Jeonsa Group LLC, indicating that she has no objection to the three storage sheds remaining in their current location. Mrs. Singer further indicates that the sheds provide much-needed privacy to her and her family. Based upon the foregoing, there is no detriment to the surrounding properties or public good, and the requested variance relief is warranted.

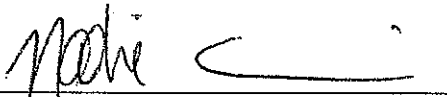

AFFIRMATION

NADINE SINGER, an attorney duly admitted to practice law in the State of New Jersey, affirms under the penalties of perjury:

1. That I am a Member of Jeonsa Group LLC, the owner of 334 Cranberry Drive, Loveladies, New Jersey, the property which is adjacent to 333 Cranberry Drive, Loveladies, New Jersey, the subject of the within application. I hereby I submit this Affirmation in support of the within Variance Application by Craig and Susan Eaton.
2. More specifically, our property abuts the side of applicants' property where the three sheds are specifically located.
3. My husband Scott, our family and I spend the Summer in our shore home, and we also come down many week-ends during the off-season.
4. Please be advised that my family and I have no objection to the sheds remaining in their present locations and have no objection to the within Variance Application being granted.
5. In addition, the location of the sheds provides much needed privacy to my family which we appreciate when we are spending time with friends and family and enjoying our backyard.
6. In my opinion, the granting of the within variance will not be injurious to the Neighborhood, since we are the only residents of the Neighborhood who could possibly be adversely affected by the granting of this application.
7. Based upon the foregoing, I hereby support the within Application in all respects.

Dated: Loveladies, New Jersey

Affirmed on April 18th 2021

PUBLIC NOTICE

LONG BEACH TOWNSHIP

PLEASE TAKE NOTICE that Craig Eaton and Susan Eaton (collectively, the “Applicant”) have made application to the Long Beach Township Land Use Board for bulk variances relative to the existing conditions at the property designated as Lot 11 in Block 20.176 on the Tax Map of the Township of Long Beach located at 333 Cranberry Drive in the Loveladies Section of Long Beach Township. The Applicant purchased the property in January 2021 at which time all existing accessory structures on the property were already present; the Applicant has not added any additional accessory structures. Applicant is requesting variance relief to allow the existing sheds to remain in their current location. It is the Applicant’s understanding that the sheds were installed at the property shortly after the existing home was constructed in 2001 and have remained for approximately twenty years. The three storage sheds provide adequate storage for outside furniture, furnishings, cushions, tables, umbrellas, boating equipment, fishing equipment, tools, sports equipment, and other items of personal property at the site. These storage units permit the site to be maintained in an orderly manner and do not have any negative impact on the surrounding properties. The following variances are requested:

1. Under Section 205-51(B)(5) of the Zoning Ordinance, no accessory building shall be closer than eight feet to any side or rear lot line, and no accessory structure, except for pool filters, air-conditioning units or outside shower facilities, shall be less than five feet from an adjacent structure on the same lot. Here the three storage sheds have the following side yard setbacks, which the Applicant would like to maintain:
 - a. Shed 1: 0.55 feet
 - b. Shed 2: 0.55 feet

c. Shed 3: 0.66 feet

2. Under Section 205-51(B)(6) of the Zoning Ordinance, all buildings, including accessory buildings, shall not cover more than 25% of the lot. Here, the existing and proposed lot coverage is 29.6%.
3. Under Section 205-11(C)(1) of the Zoning Ordinance, when any lot is situated immediately adjacent to bay or lagoon waters, whether bulkheaded or not, no principal or accessory structure shall be closer than 10 feet from the waterline. To the extent variances are required for the pergola or accessory kitchen, which were existing at the time that the Applicant purchased the property, the Applicant requests such variances.

Although the Applicant believes that no additional variances, waivers or exceptions are required, any additional variances, waivers or exceptions deemed necessary or appropriate by the Board will be requested at the public hearing.
