APPLICATION SUPPLEMENT

John T. Flemming (the "Applicant") has made application to the Long Beach Township Land Use Board for bulk variances relative to development at the property designated as Lot 6 in Block 15.44 on the Tax Map of the Township of Long Beach, located at 3 W. Stanton Avenue in the Brant Beach Section of Long Beach Township. The property is currently developed with a single-family dwelling. The Applicant is seeking to construct a two-story addition off of the rear of the existing dwelling, construct rear and front decks, construct a new front roof deck, install a pool, and relocate one of the existing sheds. The following variances are requested:

1. Pursuant to Section 205-11(E)(1) of the Zoning Ordinance, where a lot is situated between two lots, each of which is developed with a main building, the minimum front-yard setback requirement of such lot may be the average of the front yards of the existing buildings but not less than 10 feet. Based on the average front yard setbacks of the adjoining properties, the minimum required front yard setback is 12.35 feet. The existing front yard setback is 3.6 feet; 3.6 feet is also proposed. The proposed front yard setback to the proposed first and second story decks on the front of the home is 5.5 feet.

The additions to the front of the house are the only improvements that are triggering variances, and the existing and proposed front yard setback is 3.6 feet. The location of the proposed first and second-story decks in the front yard will be such that neighboring properties will not be negatively impacted as a result.
